

COMPOSITES MANUFACTURING 2011

Conference & Exhibits

April 12-14, 2011

Dayton Convention Center | Dayton, Ohio

www.sme.org/composites

800.733.3976

BRINGING
IT ALL TOGETHER

EXHIBIT and Meet Current & New Customers

This event attracts C-level Executives and Engineers in search of technology and innovations used with advanced materials and is the only composites event focused on the manufacturer. Take advantage of this opportunity to connect face to face with composites manufacturing customers that are looking for the solutions that you provide!

COMPOSITES MANUFACTURING 2011

First Time in the Midwest... Dayton, Ohio!

Manufacturing, Research,
Transition and Future Applications
of Composites...

Did you Know?

- Dayton was awarded the official Aerospace Hub of Ohio state designation based on the area's commitment to aerospace, sensor technologies, and advanced materials
- The Air Force Research Laboratory (AFRL) at Wright-Patterson AFB manages \$4 billion annually in science and technology funding
- Dayton ranks 2nd in the U.S. for technology business incubators with a total of four, nurturing up-and-coming sensors, RFID, data management, and aerospace companies
- Dayton is home to hundreds of suppliers that support composites manufacturing through the aerospace, defense, automotive, civil engineering and alternative energy industries
- Within a 60 minute radius of Dayton, there are over 50 advanced material and manufacturing facilities including Boeing, Lockheed Martin, GE Aviation, L-3 Communications, National Composites Center and Vector Composites
- Ohio has a complete composite industry network, including raw and advanced materials, manufacturing and engineering capability, a skilled workforce, sales expertise, and machine design

Present Your Solutions to a Targeted Audience

Composites Manufacturing attracts major OEMs and suppliers. Take a look at some of the companies that attended in 2010.

ATK Aerospace Structures	General Atomics Aeronautical	Lockheed Martin MTorres
The Boeing Company	General Dynamics	Northrop Grumman
CGTech	General Motors Corporation	Raytheon
FANUC Robotics America, Inc.	Goodrich Aerostructures	Vistagy
	Hexcel	Vought Aircraft Zimmermann Inc.

10'x10'

Booth space – \$1,850

- One Company Conference Pass (\$745 value; transferable per exhibiting company)
- Attendance to the Keynote Presentations
- Attendance to the Conference Lunches, including the J.H. 'Jud' Hall Award Luncheon
- Pre-reg participant roster at the event
- Ten Free Exhibit-Only Attendance Invitations
- Standard pipe & drape
- One 6' x 30" skirted table with 2 chairs
- One 110v electrical outlet, 500 watts, by request
- Four refreshment tickets for the 'Meet, Greet, & Discover' Reception
- One time use of the attendee mailing list after the event
- Company identification sign at the booth
- Your company name listed on:
 - ▶ Select electronic promotions sent to over 100,000+ industry professionals
 - ▶ On-site directory with company description and contact information
 - ▶ Event website

6' Tabletop space – \$1,500

- One Company Conference Pass (\$745 value; transferable per exhibiting company)
- Attendance to the Keynote Presentations
- Attendance to the Conference Lunches, including the J.H. 'Jud' Hall Award Luncheon
- Pre-reg participant roster at the event
- Ten Free Exhibit-Only Attendance Invitations
- 8' back drape
- One 6' x 30" skirted table with 2 chairs
- One 110v electrical outlet, 500 watts, (by request)
- Four refreshment tickets to the 'Meet, Greet, & Discover' Reception
- One time use of the attendee mailing list after the event
- Company identification sign at the booth
- Your company name listed on:
 - ▶ Select electronic promotions sent to over 100,000+ industry professionals
 - ▶ On-site directory with company description and contact information
 - ▶ Event website

Additional Sponsorships are Available

These options provide exclusive opportunities for companies large and small to showcase products and services, exchange ideas and find new customers. Don't miss your opportunity at Composites Manufacturing 2011. Space is limited.
